

# Training Project Laboratory Report

**Name: Mean Diamand**

Neptun: KSG25Z

## Project title

---

### Description of the project:

Football Website, a website that show the results of the football matches, players of the leagues, the leagues, the table of the league... etc.

### Tasks required for the week:

( Tasks you were asked or planned to do in this week, mostly decided in the previous week)

- Learns more about html.
- Learns more about CSS.
- Learns more about Javascript.
- Learns more about Reactjs.
- Try to implement all the above topic as much as possible.

### Tasks done this week:

( Tasks that you actually finished this week, from the previous list or more)

- ✓ Learned a little bit of CSS.
- ✓ Learned a little bit of Javascript.
- ✓ Learned a little bit of Reactjs.
- ✓ Trying to figure out how to Homepage should look like.
- ✓ Implement the Homepage.
- ✓ Updated the App.css file for the decorating the Homepage.
- ✓ Choosing a good font-family for the website.
- ✓ After adding a little more content into the Contact page and there were a small problem that occurred which make the website to show a little bit of white vertical line on the right side of the page. I managed to fix it by remove the line in the App.css which has “width: 100vw;” since the on the height was the only

the thing that is necessary which allow the user to scroll up and down for the checking the contents.

## Code Screenshots:

(Insert some screen shots of your code that you wrote this week, in case your work includes other tasks than coding (e.g., design) include them too)

```
src > # App.css > #background-container
45 font-weight: bold;
46
47
48 #background-container{
49 /* Set the background image */
50 background-image: url('../public/Messi.png');
51
52 /* Set the dimensions of the container (adjust as needed) */
53 height: 100vh;
54
55 /* Other background properties */
56 background-repeat: no-repeat;
57 background-size: cover; /* Cover the entire container */
58 background-position: center;
59
60 /* Optional: Add padding, margin, etc. for positioning the content */
61 padding: 20px;
62
63 box-sizing: border-box;
64 /* Prevent content overflow */
65 overflow: auto;
66 }
67
68 #background-container a{
69 max-width: 750px;
70 margin: 0 auto;
71 color: #C70039;
72 font-size: 5rem;
73 margin-right: 20px;
74 transition: 0.3s ease;
75 }
76
77 #background-container a:last-child {
78 margin-right: 0; /* Ensures that the last icon doesn't have extra margin on the right */
79 }
80
81 #background-container a:hover {
82 transform: scale(1.1); /* Optional: slightly enlarge icon on hover */
83 }
84
85
86
```

```
src > # App.css > #background-container
84
85
86
87 #welcome {
88 margin-top: 150px;
89 margin-left: 20px;
90 }
91
92 #welcome h1{
93 color: #C70039;
94 font-family: "Agency FB", sans-serif;
95 font-size: 60px;
96 font-weight: bold;
97 position: left;
98 }
99
100 #welcome p{
101 color: lightgray;
102 font-family: "Agency FB", sans-serif;
103 font-size: 20px;
104 }
105
106 #welcome button{
107 background-color: transparent;
108 color: lightgray;
109 border: 2px solid lightgray;
110 padding: 10px 20px;
111 font-family: "Agency FB", sans-serif;
112 font-size: 20px;
113 text-transform: uppercase;
114 cursor: pointer;
115 transition: background-color 0.3s;
116 }
117
118 #welcome button:hover {
119 background-color: rgba(0, 0, 0, 0.5); /* Add a background color on hover */
120 }
121
122 #contact h1{
123 color: #C70039;
124 font-family: "Agency FB", sans-serif;
125 font-size: 50px;
126 }
```

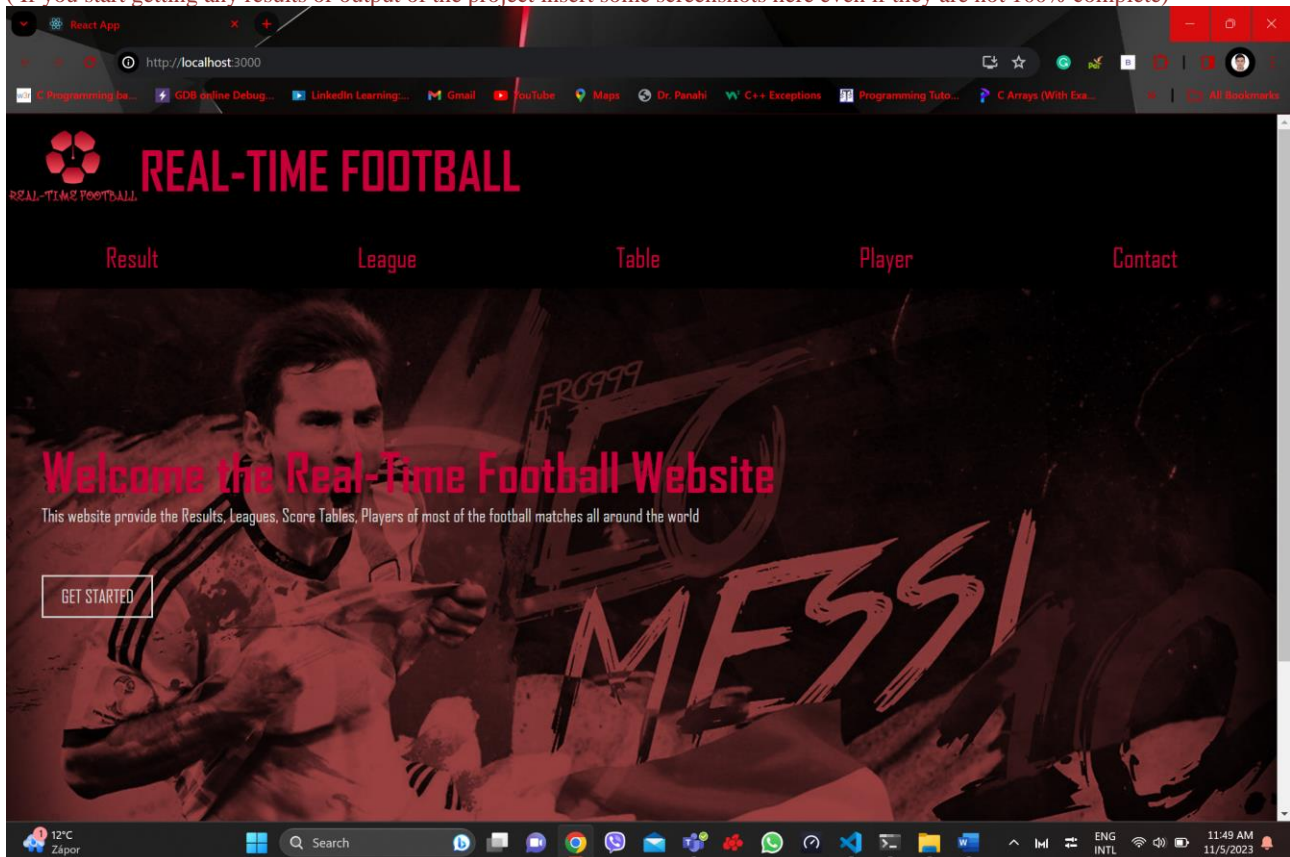

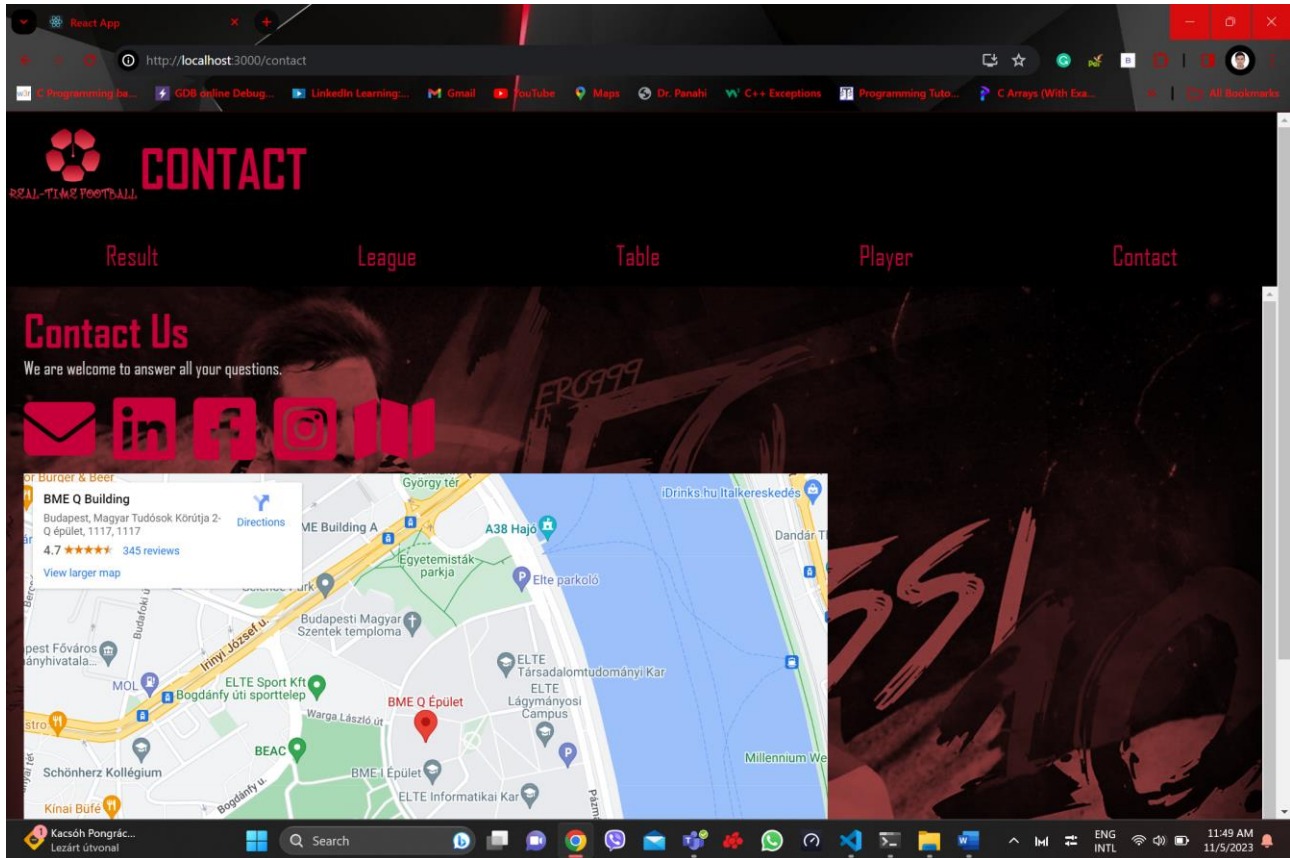

```
25 </li>
26 </li>
27 <Link to="/league">League</Link>
28 </li>
29 </li>
30 <Link to="/table">Table</Link>
31 </li>
32 </li>
33 <Link to="/player">Player</Link>
34 </li>
35 </li>
36 <Link to="/contact">Contact</Link>
37 </li>
38 </ul>
39 </nav>
40 </div>
41 <div id="background-container">
42 <div id="welcome">
43 <h1>Welcome the Real-Time Football Website</h1>
44 <p>
45 This website provide the Results, Leagues, Score Tables, Players of most of the football matches all around the world
46 </p>
47 <Link to="/result">
48 <button>
49 Get Started
50 </button>
51 </Link>
52 </div>
53 </div>
54 <Footer>
55 <p>©2023 REAL-TIME FOOTBALL. All right reserved.</p>
56 </Footer>
57 </div>
58
59 }
60
61 export default Home;
62
```

## Results Screenshots:

(If you start getting any results or output of the project insert some screenshots here even if they are not 100% complete)

Tasks to be done next week:

( Tasks you are planning to do in the next week)

- **Try to make another page as much as possible.**
- **Try to learn more stuff in CSS, Javascript, and Reactjs.**
- **Try to find a perfect Public API for fetching the information from and show it on the website.**

Notes (optional) :

( If you have any question or note, write it here)
